

A Guide to

RESPONSIBLE PET OWNERSHIP

Every pet owner has a duty to make sure their four-legged friend is healthy, happy, and safe. Be a responsible pet owner so our community can be safe for all it's citizens.

My pet:

- is up-to date on vaccinations
- always wears a collar and tag or microchipped with my contact information
- has been spayed or neutered
- receives monthly heartworm, flea, and tick prevention
- receives yearly check ups at a veterinary clinic

I make sure:

- my pet is never left outside without proper shelter, water, and food
- to regularly bathe and groom my pet
- my pet is leashed when off my property
- to clean up after my pet in public places
- is never left unattended inside a parked vehicle in hot weather
